

CABINET VISION

x2AC

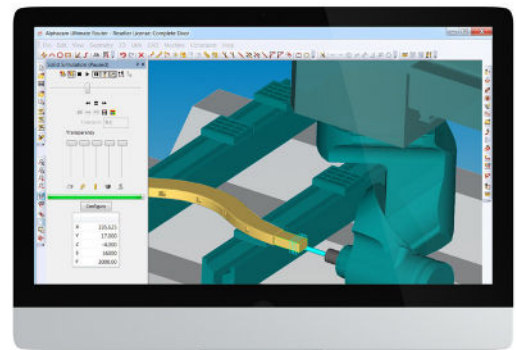

Output native ALPHACAM drawings directly from CABINET VISION

This multiplier allows existing ALPHACAM users to get part and operation geometries to ALPHACAM for processing without the need for full-blown S2M CENTER. This multiplier will output ARD files ready for processing with ALPHACAM Automation.

Key Features

- Simple to use button added to your CABINET VISION interface
- Output native ALPHACAM ARD file from CABINET VISION
- ARD files contain all part and operation geometries
